

WHITEPAPER

Carbon Credit Exchange Token

WHAT ARE

Clean Earth initiative

A “carbon credit” is a tradable certificate. More specifically, it is a permit that gives the holder the right to emit, over a certain period, carbon dioxide or other greenhouse gases (e.g. methane, nitrous oxide or hydrofluorocarbons).

The carbon credit limits the emission to one tonne of carbon dioxide or the mass of another greenhouse gas with a carbon dioxide equivalent (tCO₂e) corresponding to one tonne of carbon dioxide. In other words, 1 carbon credit corresponds to 1 metric tonne of carbon dioxide prevented from entering the atmosphere.

WHY BUY

New Partnerships

We are currently developing new Partnerships within the Energy sector for immediate implementation and utilization of the token on Our Exchange.

OUR MISSION

Clean Earth initiative

Currently there is a lack of Exchanges and/or Crypto Currencies for utilization of Carbon Credits and the benefits by local farmers, agricultural land owners, as well as large Corporations.

Our goal is to be recognized by the industry leaders and/or government as the main Crypto Exchange and Currency of the Fast growing Clean Earth initiative.

“ The world emits about 43 billion tons of co2 per year, total emissions from agricultural farmers, land use, factory, and all other human activity “

About Us

Active World Club:

AWC was formed to serve as a peer-to-peer platform for the facilitation of Defi and NFT projects. The Club is to “invited members only” creating exclusivity by design. Within The Club there are opportunities for like-minded members to exchange investment thoughts, ideas, and strategies. Members are encouraged to share the discovery of rising artists, burgeoning inventors, small businesses, turn around financial opportunities, relauches, M&A opportunities and create ways to right social or civil injustices, identify and fund worthy causes and all in one place. All this with the goal of pursuing the “crypto-lifestyle” of exotic cars, boats, planes, and travel. Our mission is to create a platform to decentralize, democratize and demystify finance opportunities through the use of cryptocurrencies.

ACTIVE WORLD CLUB WEBSITE: <https://www.activeworldclub.com>

Luxuries of Becoming an AWC Member

Our robust member community includes the following:

- **COMMUNITY** – Members can exchange investment thoughts, ideas, and strategies while discovering rising artists, inventors, businesses, relauches, M&A opportunities all in one place.
- **FINANCE** – Members get access to the Club Exchange, Club Wallet and new project drops before they hit the market.
- **NFT** – Members can qualify for whitelists on NFT projects that include art, music, media, unique business opportunities and multiple Metaverse expansions.
- **EDUCATION** – Members can access multiple research Bots and browse a repository of tutorials on the Global Crypto Environment.
- **ENTERTAINMENT** – Members can play in Amiga Game tournaments, Mad Hatter Society Peer to Peer Sports Betting, Table Games along with attending Film Premieres, and Music Releases.
- **TRAVEL & LEISURE** – Members have access to Velocity Auto Concierge, Boat Charters, Private Jet Charters and Private Parties.
- **MARKETPLACE** – Includes AWC Auction, AWC Crypto Shopping Cart, and AWC Buy Crypto with Crypto.
- **ACCOUNT PROFILE & SUPPORT** – Customize your member desktop, and the AWC Concierge Bot.
- **SOCIAL MEDIA** – Members can participate in exciting giveaways and competitions by linking various social media accounts to share the progress of the Club or a specific project housed within the Club

Disclaimer:

Certain statements in this document may constitute "forward-looking statements". Forward-looking statements include information concerning future strategic objectives, business prospects, anticipated savings, financial results (including expenses, earnings, liquidity, cash flow and capital expenditures), industry or market conditions, demand for and pricing of our products, acquisitions and divestitures, anticipated results and regulatory developments or general economic conditions. In addition, words such as "believes," "expects," "anticipates," "intends," "plans," "estimates," "projects," "forecasts," and future or conditional verbs such as "will," "may," "could," "should," and "would," as well as any other statement that necessarily depends on future events, are intended to identify forward-looking statements. Forward-looking statements are not guarantees, and they involve risks, uncertainties and assumptions. Although such statements are made based on assumptions believed to be reasonable, there can be no assurance actual results will not differ materially from those expressed in the forward-looking statements. Carbon Credit Exchange expressly disclaim any obligation to update any forward-looking statement in the event it later turns out to be inaccurate, whether as a result of new information, future events or otherwise. This document does not constitute nor imply a final technical specification of Carbon Credit Exchange. Information presented on this whitepaper, technical or otherwise, is meant to outline the general idea of Carbon Credit Exchange, its design and its use-cases and is subject to change with or without notice.
